Warrelwind Sauvignon Blanc

Vineyards:

Our Sauvignon Blanc is one of the few wines where we bring in grapes from outside our growing region - a cooler, higher elevation vineyard from Stellenbosch adds fruit intensity and freshness to the tropical fruit characters of our Agter-Paarl vineyards. 10% Semillon is added to help the wine age well in the bottle.

Warrelwind: “Whirlwind”

The M·A·N Sauvignon Blanc is produced from higher, cooler vineyards in the Cape. Warrelwind (whirlwinds) are common in the vineyards throughout summer. The seasonal winds cool the grapes and turn the windmills dotting the landscape.
